Submitted By	Agenda Item Title	Problem	Solution	Relevance	Pulled from Consent	Moved By	Seconded By	For
Max Locke	Service Animals	Questions regarding the DMS' service animal policy have increased	Motion to adopt service animal policy provided under separate cover, recommend by legal counsel. Summary: Implement a service animal policy. Emotional support animals will not be allowed. Committees will determine if certain areas are too dangerous to allow service animal access based on current PPE usage. Members who bring in a service animal will need to sign a waiver. See handout for formal policy language.	DMS needs a stated Service Animal Policy	no	 James Henningson	 Julie Harris	 Thomas Fagan, James Henningson,  Jack Smith,  Julie Harris

Max Locke	Towing Contract	DMS has no in-effect towing options	Motion to direct the President to execute the proposed towing contract. See attached	ensure proper policies in place	no	 James Henningson	 ki a khadem	 Thomas Fagan, James Henningson,	 kia

Max Locke	Member Storage	Member Storage has become hard to manage		governance of member storage	no	 James Henningson	 Julie Harris	 Thomas Fagan, James Henningson,	 kia
-----------	----------------	--	--	------------------------------	----	---	--	---	---

Due to persistent issues with both violations of the storage policies at the makerspace and the consistent abuse and threats leveled against volunteers, a motion to close all project storage at the makerspace until such time as the membership can present a fair, manageable and enforceable solution that does not lead to the repeated verbal and mental abuse of our current and past volunteers. Items currently in storage shall be removed by Oct 16, 2024.

Jack Smith,

Julie Harris

This includes tools, supplies and work in progress items. After that time period items will be considered abandoned and disposed of. Committee storage remains unchanged. The committees retain the right to manage their storage as they see fit.

Commentary:
This decision is based on a documented history of issues including:
Persistent violations of the storage rules
Recurring verbal and mental abuse of the volunteers involved in managing the storage

Abuse of management responsibilities by volunteers - favoritism
Abuse by members who have friends check out space to increase their storage
The unnecessary workload created by the purgatory room and general policing of the storage areas.

Max Locke	Sewing Space	Sewing has outgrown its space	Background: 2 to 3 minutes of background to be provided Motion: Expand Sewing SIG space by: Allocating current "Pillar Room" to sewing. Allocate the old sewing room to be a new computer lab with the same capabilities.	SIG Management and Growth	no	 James Henningson	 Julie Harris	  Julie Harris	kia khadem, 	James
