James Henningson

Max Locke	Jewelry Laser Welder Repair /Upgrade	Poor optics on laser welder and no video output making it challenging to teach	Replace the current binocular optics on the laser welder with a new trinocular type that includes a video display. The Jewelry Committee would be willing to split the \$3700 cost through department donations and or fundraising if necessary. https://laserstar.net/product/microscope-evs5-leica-clearview-system-15x-scope-camera-monitor-kit/	Replacement of these optics will make operating the machine safer, more accessible to people with vision issues and enable visual teaching on the machine with the use of a video display.	no
-----------	--------------------------------------	--	---	--	----

Max Locke	Office Space Allocation - Logistics	Logistics needs a base of operations within DMS as the space it utilizes within the Infrastructure office is limited	Motion to reallocate the old Finance office to a Logistics Office	Logistics needs to function efficiently	no	 James Henningson
-----------	-------------------------------------	--	---	---	----	--
