	Moving Day	Samuel Mitchell	<ul style="list-style-type: none">• Moving day has been postponed and moved until Tuesday 8/26 at 5pm. This delay was because of the people we contracted out to move the lift from the old space to the new space. Food will be provided for this work day and it's not pizza.• There are a few hiccups with the new spaces outdoor reader. This should be fixed soon.• AUTO WILL BE SHUTTING DOWN ON MONDAY NIGHT to get ready for the move on Tuesday• New lift needs to be bolted down before use

	New Classes	Samuel Mitchell	New AUTO 100 Class starting up the first Saturday in September (keep an eye on the DMS calendar) This class will be mandatory before taking any lift training classes. For those that are grandfathered, we would like you to take the class as well, so that we're all on the same page and are able to set a standard for the new space. For example, AUTO SHOP is for MEMBERS AND IMMEDIATE HOUSEHOLD ONLY. YOU CANNOT WORK ON ANY OTHER VEHICLE.
	Contest	Samuel Mitchell	Former record is 36 hours for an engine swap. IF you can engine swap faster - there is a prize.
	New Discord	Zayne	There is a QR code for people to join the new Auto Discord channel. This is now live for people to join.

	DMS Anniversary	Kayla Kua	There will be an open house from 2-4pm on 9/13/25 and we need to assemble a car show and need a few people to volunteer and bring their cars to work on for demonstration during this time. (race car and Jayson offered to bring out their cars)
	Paint Tools	Kayla Kua	We took a vote. Kayla motioned and Sam second we paint our tools green to mark them for the auto space. This will be done on the work day scheduled for Saturday.
7:50 pm		Samuel Mitchell	Meeting Closes at 7:50 pm
