

2011 Shona Haskins Statement of Intent

Ok, I have no idea of this is the Right place to post this....been trying to even find the place to vote for BOD, and intent space....the spaces site is not very user friendly...

Just wanted to put up my letter of intent....

Accepting the nomination, and I, Shona Haskins will do my best to fulfill needs of the DMS, and do to the best of my ability follow the bylaws we are putting into place, and continue the forward momentum we have for the group. I think the potential for the group is tremendous, and whether in a Board position or not, I look forward to taking part and helping that potential grow and come to fruition.

-Shona Haskins
