

2023 Statement of Intent - Kate Hughey

Hello, I am Kate Hughey, and I am running for election to the DMS Board of Directors for 2023.

My goals this year focus on:

Bringing in new members through Volunteering.

Raising awareness of the benefits of creative self-expression and mental health.

Become a part of the low drama approach to the leadership team.

Why I contribute?

I appreciate and support DMS because the collective minds of brilliant leadership brought me to tears on the walk through. The community is robust with amazing innovation and genuineness.

My DMS membership started in 2022 I believe and my husband and I closed on our home in 2019 in Carrollton, Texas.

Who am I?

I'm Kate, like Jack, I'm yet another maker in the space. I'm currently on the Board of Directors for CART - Carrollton Art a grassroots 501c3, and am acting as the Art Director.

For work I lead a team of engineers and architects that designs and constructs multifamily housing all over the United States. I've been an architectural industry leader for over 13 years, from conceptual schematic design, design documentation, construction documentation, to construction administration and completion.

Outside of work I love spending time with my baby, exploring the community, and social circles.

Three of my personality traits:

Concise (I'm always looking for ways to organize and streamline for time efficiency and productivity maximization)

Kind (I'm told by a lot of random people that I have a good heart and good intentions)

Passion and Idea Generation (Art is an economic catalyst. The undercurrent of human existence. That is reflected throughout the various disciplines in Makerspace.)

My favorite thread on Talk:

Creative Arts and Stained Glass Topics.

Questions?

You can message me on Talk (username KateHughey) or I'm BossKat on Discord, and would like to join there.

If I am elected, I can promise to honor commitments and follow through to the best of my ability.

If I am not elected, I am appreciative of your time and the opportunity to be considered, and will still be eating, sleeping, and breathing self-expression advocacy.
